GABRIEL BARTLETT

Norwich, CT | gabebartlett7125@gmail.com | linkedin.com/in/gabrielbartlett | U.S. Citizen

EDUCATION

University of Connecticut Storrs, CT
Bachelor of Science in Engineering, Mechanical Engineering *Expected May 2028*
Relevant Coursework: Fluid Dynamics I, Thermodynamic Principles, Mechanics of Materials, Computational Fluid Dynamics, Finite Element Analysis, MATLAB-based Computational Methods, Statics, Dynamics

EXPERIENCE

UConn Electric Boat Racing Team Storrs, CT
President *Apr 2026 to Present*
- Lead a 20+ member team that designs, fabricates, and races electric hydroplanes in the American Society of Naval Engineers (ASNE) Promoting Electric Propulsion competition.
- Leading the budget design team of a new hull for the 2027 season, modeled in SolidWorks and built entirely in-house with laser cutting and 3D printing aspects.

Member & Hull Design Lead *Nov 2024 to Apr 2026*
- Led hull design across two race seasons on a donated 8.5 ft plywood hydroplane hull: modeled modifications in SolidWorks, cut out and replaced hull sections, and refinished the hull from bare wood in epoxy and paint each season.
- Seadog I (2025): integrated the electric powertrain into the hull; took first place at UConn ECE DEMO Day 2025.
- Seadog II (2026): joined the battery team in spot welding a custom 13S56P lithium-ion battery pack (728 x 18650 cells) that held pack voltage within the 55.5 V race limit.
- Secured sponsorships for the 2026 season from Tesla, Mike Schmidt Racing, and Dewald Propellers, bringing in cash funding, a Tesla hardware component, the competition hull, and 13 custom propellers.

General Dynamics Electric Boat Quonset Point, RI
Engineering Intern *May 2026 to Aug 2026*
- Managed delivery and preventative maintenance scheduling for bulk argon, oxygen, nitrogen, carbon dioxide, and propane systems feeding class one nuclear submarine production.
- Advised architects and gas engineers during 30% and 60% drawing reviews, routing gas and compressed air to use existing compressor capacity instead of oversizing the new system.
- Inspected bulk tanks on a preventative maintenance schedule, reset critical system levels to trigger deliveries earlier, and alerted vendors to critical findings.

Engineering Intern, Winter Session *Dec 2026 to Jan 2027*

UConn College of Engineering Storrs, CT
Ideation Studio Assistant *Jan 2026 to Present*
- Teaching CAD, 3D printing, and laser cutting to students in Freshman, Junior, and Senior Design courses.
- Maintaining a maker space (classroom, machine shop, 3D-print shop) for 1,000+ engineering students per semester.

Niantic Bay Yacht Club Niantic, CT
Launch Captain & Steward *May 2024 to May 2026*
- Piloted the club launch boat, carrying members and guests to and from their moored boats, and fueled vessels.
- Served as Morning Launch Captain for Ensign Nationals 2024, a national championship regatta, launching 30+ racing crews every race morning.
- Kept the club ready for daily operation through morning setup, flag displays, and hands-on maintenance including woodworking, painting, lifting, and other laboring tasks.

UConn Student Activities, Weekend of Welcome Storrs, CT
Captain / Leader *Aug 2025 to Sep 2026*
- Recruited, interviewed, hired, and trained 100+ student employees for UConn's first-year orientation program.
- Served as one of four building captains, directing 24 team leaders responsible for 1,500 first-year students.
- Guided a group of 50 first-year students through orientation week as a Leader in 2025; promoted to Captain for 2026.

VOLUNTEER EXPERIENCE

- UConn Bound Tour Guide, Engineering Ambassadors: lead engineering tours for prospective students (2025-2026).
- Scorekeeper/Timekeeper Judge, National Science Bowl: awarded and rescinded points in live matches (2025-2026).

SKILLS

Design & Analysis: SolidWorks (CAD), AutoCAD (CAD), MATLAB, CFD, FEA
Electrical & Fabrication: Lithium-Ion Battery Packs (48 V class), Soldering & Electronics, 3D Printing, Laser Cutting
Software: Python, Java, Excel
Certifications: Google AI Specialization, Boating License, Water Safety Certification, Driver's License
